WORK EXPERIENCE:

Instructional Designer, Bitcoin Basics eLearning Course (freelance/collaborative project), February 2026 - Present
Louisville, Kentucky (remote collaboration)

- Designed and developed a 5-module eLearning course using the ADDIE framework, from audience analysis through evaluation
- Conducted audience analysis and learner surveys to inform course structure and content strategy
- Wrote lecture scripts, articles, and interactive/application-based learning activities to reinforce content retention
- Built the course in LearnWorlds and designed supporting learning assets and an accompanying website in Canva
- Built a custom AI agent in Claude to streamline instructional design execution and content production
- Independently planned, self-paced, and managed the project timeline while collaborating with a subject matter expert
- Led weekly stakeholder meetings and status updates, and regularly presented work progress to the collaborator

Quest Outdoors, Sales Representative, May 2024 - August 2024
Louisville, Kentucky

- Provided knowledgeable and friendly customer service on outdoor apparel and gear
- Maintained store displays and organized merchandise to enhance customer experience
- Assisted with inventory management and restocking
- Took the initiative to learn additional skills and processes to be a contributing team member

Fitness Instructor, Pure Barre, September 2022 - August 2023
Louisville, Kentucky

- Utilize strong sales skills to promote class packages, resulting in a significant increase in membership sales.
- Deliver high-quality exercise instruction to clients, ensuring safety and proper technique.
- Tailor exercises to meet individual needs and goals, promoting a positive and motivating class experience.
- Promoted class packages that increased membership sales.

- Utilized strong communication and interpersonal skills to build rapport with customers.

Intern, Hillsdale Furniture, May 2022 - August 2022
Louisville, Kentucky

- Worked with administrative and warehouse teams to modernize filing systems, improving communication and the speed and accuracy of shipments
- Processed and organized data to support efficient record-keeping and daily workflow operations

SOFTWARE:

Microsoft Word & PowerPoint | Articulate 360 | Figma | Adobe Lightroom, Firefly & Express | Wix | iMovie | ChatGPT | Claude | Canva | LearnWorlds
